

## Dovecot Multi-activity Centre

The Multi-activity Centre at Dovecot has had a facelift and complementing the space are Rawson Carpet Solutions Nylon Carpet Tiles.

The project has utilised the 'Jazz Synth' Range, a transfer of colour across one tile. The range focusses on a familiar yarns strategy so that differing shades can be used harmoniously to complement each-other and the finished aesthetic

‘Jazz’ is offered with 24 colourways, then complemented with two additional tile designs in Jazz ‘bar’ and Jazz ‘Synth’.

Here Jazz synth in colours ‘smokeism’ and ‘beanoke’ have been used to great effect. The tessellated tiles provide a visually pleasing aesthetic to the space, installed by Ian Nolen from Liverpool.

Rawson’s Carpet Tile Solutions offer Class 33 rating for heavy traffic along with castor chair tested accreditation and the Range is manufactured

**Carbon Neutral.**
